

PROCESSINGPOINT PAYROLL PROCESSING

Better Service, Lower Rates

With rates as much as 40% lower than the competition, ProcessingPoint's Payroll Processing is Simple, Fast, and Guaranteed. Now That is Payroll!

Imagine your payroll being this easy:

- Send us your payroll data via secure internet transfer, phone or fax.
- Receive your employee payroll as pre-printed paychecks, printable file, or other method of payment.
- Relax knowing your payroll is guaranteed accurate

Well, with ProcessingPoint Payroll, it is just that simple.

Just give ProcessingPoint a single call, fax or secure file transfer with your employee's hours, and we do the rest. Whichever method you use to transfer your payroll data to us, your ProcessingPoint Payroll Specialist will generate and ensure on-time delivery of your checks (or Direct Deposit) along with any requested reports. For the fastest turnaround, you can choose to download your paycheck files and print them right in your office.

In addition to basic payroll, we are happy to

- Make direct deposits to your employees' banks
- Calculate payroll based on unlimited earning & deduction categories
- Handle off-cycle checks (for terminations or bonuses)
- Generate FICA tip credit reports
- Generate Workers' Compensation reports

ProcessingPoint Payroll provides a library of over 100 different reports. You can arrange for certain reports to be sent regularly with each pay period, or call us to have a particular report specially prepared. All payroll data is archived on our secure servers for future access. For those who choose to use our web-based system, Millennium, you will have the ability to view a pre-process register and verify all information before transferring it to us making the whole process even faster.

With ProcessingPoint Payroll Services, you never have to worry about paying penalties or interest due to a payroll error. We guarantee all of your deposits. Our service is convenient, flexible—and above all, accurate.
